SAMUEL ROSHAN

AI Engineer | AI Agents | Generative AI | LLM | RAG | Machine Learning
Chennai, India | +91 93617 43345 | samuelroshanin@gmail.com | github.com/samuel2004-pixel | linkedin.com/in/samuel-roshan | samuelroshanin.netlify.app

SUMMARY

AI & Data Science graduate and AI Engineer Intern at Modofx, working on AI agent automation for Hyundai, CRM and Tally automations, and server deployment with CI/CD. Skilled in LLMs, Retrieval-Augmented Generation (RAG), AI agents, Redis and Python, and has delivered full-stack products for clients.

EXPERIENCE

AI Engineer Intern | Modofx, Chennai **Oct 2026 - Present**

- Working on AI agent automation for **Hyundai**: AI agents that automate business email workflows.
- Built CRM automations (lead replies, contacts, follow-ups) and Tally automations for clients.
- Building with LLMs, RAG and Redis; testing with LLMs run locally; worked on the web UI of the product.
- Handled server deployment and CI/CD with Coolify.
- Consulted with clients on their projects; prepared presentations (PPT) and reports for them.
- Technologies: Python, TypeScript, LLMs, RAG, AI Agents, Redis, PostgreSQL, Docker, Coolify, CI/CD, React.

Freelance Full-stack & AI Developer | Self-employed, Remote **May 2026 - Sep 2026**

- **YWAM Trichy (Bahi/YWAMMUT):** built and deployed a contribution and loan management system with a client portal, SMS reminders, OCR-based payment-proof detection, Excel import/export and WhatsApp automation.
- **YWAM Trichy Tailoring Centre:** built a management system for a women's empowerment centre with role-based access and a mobile-responsive UI.
- **ALBO Fitness (albo-fitness.com):** set up the full web and DNS infrastructure, authentication email and search presence; built a fitness calculator feature.

Data Science & Analysis Intern | Judah Code Technologies, Trichy **Aug 2025 - Oct 2025**

- Built and experimented with ML, DL and LLM-based models in PyTorch, TensorFlow and Scikit-learn; developed RAG pipelines and LangChain workflows.
- Cleaned and prepared datasets with Pandas and NumPy, ran exploratory analysis, and reported findings in Power BI, Matplotlib and Plotly.

CORE SKILLS

Programming: Python, TypeScript, SQL, MySQL
Generative & Agentic AI: LLMs, AI Agents, RAG, LangChain, LangGraph, LlamaIndex, CrewAI, AutoGen, Prompt Engineering, Human-in-the-loop design, FAISS, ChromaDB, Hugging Face, n8n, Flowise
ML & Deep Learning: PyTorch, TensorFlow, Keras, Scikit-learn, Transformers, NLP (spaCy, NLTK), Computer Vision (OpenCV, YOLO, EasyOCR, VLMs)
Full-stack: React, Vite, Node.js, Express, REST APIs, Supabase, PostgreSQL
MLOps & Data: Docker, Coolify, FastAPI, Flask, Streamlit, MLflow, CI/CD, Git/GitHub, Jira, Apache Spark, PySpark, Airflow, Kafka, ETL
Cloud: AWS (Lambda, ECS Fargate, DynamoDB, S3), Redis, Railway, Cloudflare, Netlify, Linux
Data Science: Pandas, NumPy, Power BI, Matplotlib, Plotly, Seaborn | **Voice AI:** TTS/STT, Voice Agents, LiveKit WebRTC, Deepgram

PROJECTS

Lead Generation Agent - Agentic system that finds and qualifies sales leads with LLM-powered workflows. (GitHub)
Job Match Agent - Matches candidates to job postings with retrieval over job descriptions (LangChain, FAISS, Streamlit). (GitHub)
Meeting Transcription Agent - Transcribes and separates speakers in meetings (Whisper, Pyannote) and writes summaries with LangChain. (GitHub)
Streaming ETL Pipeline - Real-time data pipeline with PySpark, Kafka and Airflow. (GitHub)
RAG Chatbot - Context-aware chatbot with multi-turn, document-grounded answers. (GitHub)

EDUCATION

B.Tech, Artificial Intelligence and Data Science | Jeppiaar Engineering College, Anna University **2022 - May 2026**
CGPA: 7.02 / 10 | No backlogs

Higher Secondary | Chellammal Matriculation Hr Sec School, Nagamangalam, Trichy 2022

CERTIFICATIONS & ACHIEVEMENTS

- Scrum Fundamentals Certified (Nov 2025) | NLP Techniques - GUVI (Nov 2025) | Experience-Based Project Learning - Career Shaper (Oct 2025)
- Participated in the Ainspire Data Science Hackathon (Jun 2026); solved 100+ LeetCode problems.
- Organized a technical workshop at Jeppiaar Engineering College (Apr 2025): speakers, logistics and hands-on sessions.
